2023 A record year for claims payments

Protection Claims Paid Report 2023

Aviva Protection Claims Report 2023

In 2023, we broke our own records by paying €121.1 million in claims payments – our highest ever. We believe in being transparent with our claims numbers so you and your customers see the value of our claims promise. Paying claims is at the heart of our protection business. We do all we can to make a positive difference in our customers' lives to help them in their time of need. More than 2,600 Irish protection claimants, across life insurance, specified illness and income protection policies were paid over €121.1 million. Our longest claim in payment is ongoing for 32 years and we also helped get income protection customers back on their feet with €250,000 spent on rehabilitation.

Income Protection Claims Statistics

Our income protection cover gives our customers a financial cushion in the form of a replacement income of up to 75% of their previous earnings should an accident or illness prevent them from working and earning a living.

In 2023, approximately 2,000 claimants were paid on income protection policies, €51 million paid in total. No one likes to imagine themselves facing illness or injury resulting in being unable to work, but the reality is that it affects all ages. In 2023, 51% of male income protection claims and 63% of female income protection claims came from those under 50. Men were on average age 49 when they needed to claim and women were on average age 46.

Life Claims Statistics

Many of us worry about how our loved ones would cope if we were no longer around. Last year we paid €52.3 million to 454 customers and their families with life insurance and terminal illness benefit taking care of their loved ones financially. Cancer was the number one reason for life claims in 2023 followed by cardiovascular and respiratory illness.

Specified Illness Claims Statistics

Throughout 2023, we've worked hard to support approximately 163 customers with specified illness claims. Having specified illness cover in place provides a safety net to help you focus on your health instead of your finances.

We cover 45 illnesses on a partial-payment basis and pay the highest partial payment amount in the market. Our payments are in addition to any full specified illness payment that may be made on the policy. We don't reduce the sum assured by the partial payment made.

Case Study - Mental Health

A 32-year-old used the service because she was finding work extremely stressful and was suffering from anxiety as a result.

Her symptoms included, shaking, nausea and weight loss. A recent house purchase had also added additional stress. After following the advice from the Aviva Care clinician and taking on the recommendation to attend her GP to explore the physical symptoms, the outcome was hugely positive.

The patient reported that the support and advice given have helped her on the road to recovery.

Paying claims is at the heart of what we do. Helping our customers get through the tough times, so they can look forward to a brighter future. For claims experience you can trust, **It takes Aviva**.
